

What You Will Learn

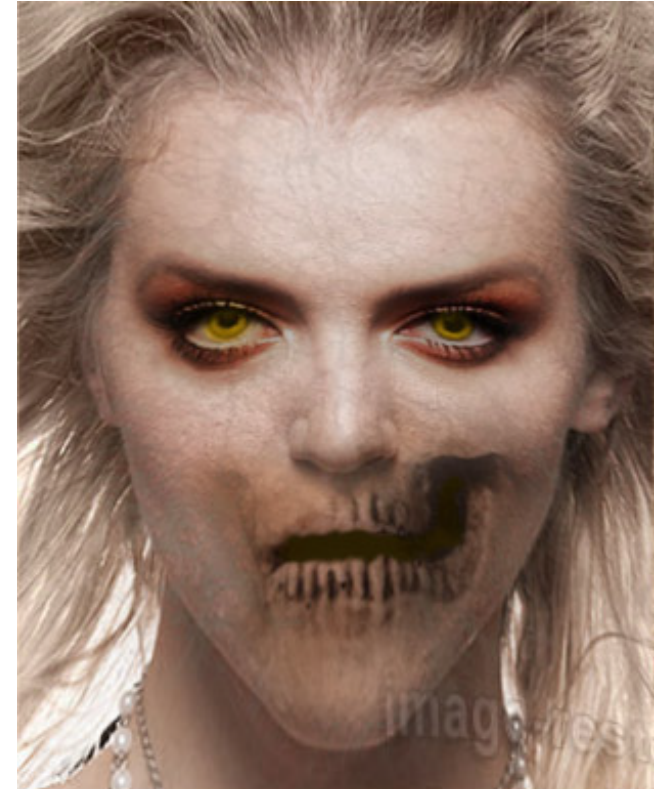

Beauty and the Beast - You will create two versions of this young girl, one a perfectly retouched beauty and the other a horror filled beast.

Original

Beauty

Beast

1. How to use the "Clone" and Heal" tools to remove blotches etc..

2. How to "blur" away facial flaws using "Surface Blur" and layers.

3. How to "layer" in textures for creepy effects.

4. How to use "Transform Tool" for distorting features & flipping layers.

5. How to use "Levels" for impact.
