

**Job** - Create a series decorative images for a clients office.

**Parameters** - All images must illustrate a specific color scheme.  
The proportions are square. The size and dpi are 8"x 8" and 300 dpi.  
A white 2" border will be added last.

## PhotoShop Tools and Filters Include:

Try these but experiment with others!

- 1. Paint Tools** - Bucket, Brushes, Smudge etc.
- 2. Filters (Distort)** - Wave, Pinch , Twirl etc.  
**(Pixelate)** - Mesotint, Mosaic etc.
- 3. Color Adjustment Tools** - Hue-Saturation-Value , Levels, Color Balance, etc.
- 4. Layer Effects**

## Process

1. Begin by choosing a color scheme.
2. Choose base color.
3. Flood your canvas with color using the Paint Bucket.
4. Add a second color, tint or shade (depending on the color scheme your have chosen) using the Paint Brush.
5. Now, using various filters, tool and adjustments, design your image.
