Full Figure CAT Rigging

Rigging prepares the character tobe animated. CAT makes it easy to rig a figure. You can find the CAT tools under the "Helpers" panel in 3D Max. Here are a few thing to remember.

1. Use the CAT "Base Human" rig.

2. Pose your character in what is called the"Modified Christ Pose"- Arms away from the body, knees slighly bent.

3. Thin characters are easier to rig than heavy.

4. Set up the rig in the center of the grid -0,0,0,
